Continued Prosecution Application

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-4 and 7-12 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Schade '262.

The cited prior art discloses a copolyester resin composition comprising DMT, DMI, SSIPA, EG, and other aliphatic glycols in the claimed amounts. See columns 2 and 3, and EXAMPLES 3 and 4 in column 7. It is the Examiner's position that the prior art disclosures have features and characteristics as claimed.

2. Claims 5 and 6 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

3. Other references listed on PTO-1449 have been made part of the record.
